

## THE EXPERIENCES I GOT IN KAKO CAMP.

The theme was: "A Call To Fruitfulness" Colossians 1:10.

• First of all, I learnt that we are all leaders in some way and meant to cause a difference in our generation because we are designed to lead where we are.

So, I am ready to lead where I am.

• Secondly, I learnt how to grow deeper in Christ by reading the bible, worshipping, praying, fasting etc. So, when you launch deeper in the Lord, you will have no fear even if there is a big problem because the Lord will be there for you.

• Thirdly, I learnt who a blessed man is. i.e. in Jeremiah 17:5-8 says that, Blessed are those who trust in Christ.

A blessed man is that who is obedient, faithful, kind and prayerful.

So, if you trust in God, you will be blessed by Him.

• Fourthly, I experienced how I can be rooted in Christ by having faith, hope, love, kindness, patience, self control, and peace.

• Last but not least, I learnt that if you remain united in Christ, He will also remain united in you.

(In John 15:4: You can not bear fruits unless you remain in me.)

These fruits are: love, peace, gentleness, goodness, joy, long suffering, faith etc.

• Lastly, I also learnt to love one another because love is also the greatest commandment (John 15:17). I also got confident in me and a lot of friends.
